

INTENTION TO ENROL GYMPIE STATE HIGH SCHOOL

Finding the right environment to maximise your child's individual talents while offering a wide range of opportunities can be challenging. At Gympie State High School open communication and positive relationships are very important to us. This is why we like to meet our new families before you enrol. This could be at our Parent Information Evenings, or at a new enrolment interview. The purpose of these meetings is to enable you to gain a better picture of our school and provide a chance to ask questions about what matters most to you. It also allows you the opportunity to witness first-hand the energy and friendliness of our school.

Today's young people are the leaders, entrepreneurs and parents of tomorrow. An excellent education is the best gift we can give them and we are confident that Gympie State High School offers an education to help develop the whole child – that's what makes us different. Come and experience it yourself.

To register your students' interest in enrolling at Gympie State High School, please forward the attached checklist to us so that we may provide you with an Enrolment Package, Junior Secondary Handbook and relevant school policies.

Other sources of information about our school can be found on:
